Red Cross Blood Donor Clinic Here Thursday, Oct. 6

The next Red Cross Blood Donor Clinic will be held in Didsbury on Thursday, October 6, and preparations are now being made to hold the clinic in a suitable location, place and time to be announced in our next issue.

Previous registration forms will be used to notify local and district residents of the clinic and to request their attendance, but anyone who has not registered, but who is willing to donate blood to a very worthy cause, is asked to notify Mr. A.W. Reiber immediately.

The last blood donor clinic was held in Didsbury on December 16, 1948, when 103 donors willingly gave blood to help others who may urgently require a transfusion, and it is to be hoped that as many or more will again volunteer on October 6th.

FOLIO TAKES LIFE OF MICHAEL BOYCE OF OLDS

Michael Boyce, 15, son of Mr. and Mrs. Archie Boyce of Olds, died from poliomyelitis in Calgary hospital on Friday afternoon, September 16. Michael became ill on Monday and was placed in an iron lung in the Calgary hospital on Thursday, but his condition did not respond to the treatment.

Surviving besides his parents is a younger brother, Stuart.

Michael was fairly well-known in Didsbury and the deepest sympathy of the community is extended to the bereaved family.

Shannon Brothers Awarded Contract

Shannon Brothers of Didsbury have secured the contract to build several dams to enlarge the present faster reservoir, the main head gates, and six miles of the main canal, as part of the extensive irrigation link now underway in Southern Alberta, known as the Big Bend tract of the St. Mary's Irrigation Project.

Work on the new system started last week and is expected to be completed early next summer.

The Big Bend development extension is being financed by the Alberta Government.

A news story appearing in the daily papers last week, complete with pictures of the crew on the job when the first sod was turned, shows Jack Shannon, a member of the contracting firm, and incidentally one of the enterprising operators during the initial construction of the dams at Taber in 1940.

The Shannon contracting equipment has done considerable work in Southern Alberta during the last few years and with modern equipment at their command have endeavored the reputation for first class work both on roads and other projects, and their new undertaking will be looked forward to with interest by their many friends in Didsbury and district.

SUCH WAS LIFE

Dick Oliver and his wife had to make a trip to what was supposed to be Didsbury. The nags were hitched to the wagon and a board laid across the box for a seat and off they went.

It had rained during the night (yes poured) and by the time they were returning home toward the creek had washed out the culvert and water was covering unusual places.

The wife thought they had better not venture to cross, but Dick said, "I have crossed before when it was high and we'll make it." However, the extra washout did not show at the time and when in mid-stream down went the horses and front wheels. The horses were unable to mount the drop of the wash-out while hitched to the wagon. So what? Dick thought a moment and then loosened the tugs and sent the horses scrambling towards home, while he sat beside his accusing wife, about two and a half miles from home.

Dick's plan worked: about three hours later his son came back with the horses and extra help to get the marooned couple on their way home. And so another incident helped to round out the chapter of pioneer life for Dick and his wife.

PIONEER CITIZEN

FRED METZ DELIVERS FIRST LOAD OF 1941 FLAX

While others may have been the first in the district to deliver wheat and coarse grains to Didsbury elevators, the honor of delivering the first load of 1941 flax in town went to Fred Metz, who brought in the first load on Thursday, September 15th. The flax was delivered to the Alberta Pool elevator, and was straight combined. It averaged four bushels to the acre in spite of the exceptionally dry season east of town.

Funeral Services Held Tuesday for Miss Enid Roberts

Miss Enid Roberts, 27, daughter of Mr. and Mrs. Hugh Roberts of Didsbury, died at her home on Sunday, September 18.

She was born at Clydachvale, Wales, and came to Didsbury with her parents 23 years ago. About two years ago she went to Victoria, B.C., for her health, but returned to Didsbury in July.

Surviving are her parents, Mr. and Mrs. Hugh Roberts, Didsbury; a sister, Edna; four brothers, Glen, Ray, Brynley and Ifor, all of Didsbury.

Funeral services for Enid Roberts were held from the Knox United Church, Didsbury, on Tuesday, September 20, at 2:30 p.m., with Rev. J.W. Bainbridge officiating. Pallbearers were Dave Hughes, Don Shultz, Stewart Tighe, Ozie Jenkins, James Hughes and Ken McCoy.

Interment followed in the Didsbury cemetery with Didsbury Funeral Home in charge of arrangements.

IMPORTANT LEGION MEETING

Attention, all members of the Didsbury Legion. Your next meeting will be on Thursday, September 29, at 8:30 sharp.

Will you please circle this date now in your calendar, so that you will be sure to attend. There are quite a few matters of importance to be discussed and settled. Your presence will be very much appreciated by the executive members.

DIDSBURY HOSPITAL BIRTHS

Born at the Didsbury hospital to Mr. and Mrs. P. Penner of Carstairs on Saturday, September 17, a boy.

To Mr. and Mrs. Dwayne Fobes on Tuesday, September 20, a girl.

To Mr. and Mrs. J.L. Sawatzky on Wednesday, September 14, a boy.

Staff Fellowship Banquet Held At Beulah Home

To commemorate the 40th Anniversary of Beulah Home, a Staff Fellowship Banquet was held at Beulah Home at 6 p.m. Monday, September 12.

Mrs. J. Price, one of the founders of the work, was Master of Ceremonies. An interesting program of reminiscence by Mrs. Mary A. Finlay, Superintendent, and some of the earlier Staff members, and musical numbers by the Misses Enith Hunsperger, Lois Sherick, Marjorie Eby and Mildred Phair, was enjoyed by all. Miss Sara Zoek of Didsbury, was soloist. Piano ramblings by Miss Janet Adam and Miss Betty Lou Bronie were enjoyed throughout the evening.

Special mention was made of some thirty ex-staff members who are serving on the Mission fields of Africa, India, China, South America, West Indies and Mexico. Many former Staff members, who could not be present, sent their words of warm greeting and best wishes.

Mrs. Lydia Suder of the Faculty of Mountain View Bible College, Didsbury, climaxed the evening with a devotional message entitled, "God's Expendable".

Former Staff members present were: Mrs. Florence Finlay, missionary on furlough from Africa; Miss Maggie Cowan of Evansburg; Mrs. D. Mascard of Red Deer; Mrs. A. Hetherington of Medicine Hat; Mrs. Arthur Eby of Didsbury; Mrs. J. Price, Mrs. C. E. Thompson, Mrs. E. Phillips, Mr. and Mrs. Raymond Young, Mrs. Milford Cressman, Mrs. Mary Geary, Mrs. Earl Browning, Miss Olive Mikkelsen, Mrs. H. Craggs and Miss Betty Johnson.

'Here Are They, and Here Are We ...'

The still dangerous Kashmir issue—arising from the question of whether the state of Kashmir should join India or Pakistan—seems to be nearing a peaceful solution through the efforts of the United Nations. Invitations to implement recent truce agreements have been accepted by both countries involved. Meanwhile, however, U. N. military observers stay on the job, to check on possible unauthorized advances beyond accepted "cease fire" lines. Here a U. S. lieutenant and a Canadian colonel, under orders of a U. N. Commission, check positions of opposing troops.

A.O.T.S. Men's Club to Sponsor Assistance Program

The preliminary meeting of the A.O.T.S. Men's Club was held in the schoolroom of Knox United Church on Monday evening, September 12, with a representative group present.

It was decided to sponsor assistance to Naramata Laymen's Training School and meet with the request that a consignment of 4,000 pounds of flour and 1,500 pounds of breakfast cereal be sent. A donation of 500 pounds of cereal and a supply of pancake flour has already been received. Due to the shortage of wheat this year it was thought advisable to establish a Naramata Fund, to which each member subscribe an average of a \$5 share, either in cash or wheat. From this fund the flour quota can be purchased to be delivered directly to Naramata.

The local group was divided into districts and the following members were appointed as contact men: Carstairs, Rev. G.C. Pelous; Westcott, Alex. Robertson; Westdale, Rev. J.W. Bainbridge; East Didsbury, Ken Burns; Didsbury, Ed Klineck and C.S. Mortimer.

The A.O.T.S. Men's Club of Didsbury has been asked to supply a team of men with tools for a working party at Kasota Beach Camp, Sylvan Lake, on October 5th and 6th to help prepare for the enlargement of camp facilities next year. Reid Clarke is heading this project.

The first regular supper meeting of the reason will be held about the middle of October, the date to be announced later.

Canada's Economy Appears Steady

Canada's economy appears to be maintaining a reasonably steady position, states the current issue of the Canadian Statistical Review in the review of economic conditions.

Economic analysts are constantly peering into the future by means of what are called "economic indicators." By this means they can make informed guesses of what major changes will occur in the near future. They report that economic indicators show little change allowing from seasonal fluctuations either from month to month or from the same periods of the previous year.

From March to July, the Review points out, the Bureau's index of production, on the base 1935-36 equals 100, has fluctuated within a range of a single point, standing at 185.9 for the latter month. The index of industrial employment stood at 198.3 for July compared with 194.5 for June and 198.0 for July last year. During the last several months no perceptible change has been observed in the ratio between factory inventories and shipments, indicating that goods are moving into the hands of consumers in a steady flow.

MISS E. WILLISON ADDRESSES WOMAN'S MISSIONARY SOCIETY

The Woman's Missionary Society of Knox United Church met last Monday evening at the home of Mrs. Roy McArthur with fourteen members present. Miss E. Willison took the devotional period and later gave a very interesting talk on her visit this summer to the Moral Re-orientation Group camp at Mackinaw, Mich.

Funeral services for Frederick William Sanderman, 63, who died Tuesday morning in the Didsbury hospital, will be conducted from Knox United Church, Didsbury, on Thursday, September 22, at 3:00 p.m. with Rev. J.W. Bainbridge officiating.

Duck Season Opens Saturday, Sept. 24

While a few local mimros have done a little pre-season duck shooting on swathed fields to help save the farmers' crops, for the most part Saturday, September 24th will be the first shooting of the season for most hunters. This is the date the season opens in the central zone of Alberta and with ducks reported to be plentiful there is no doubt that many hunters will return with their bag limit of eight ducks per day.

The ammunition situation has greatly improved this year and local dealers have good stocks of shot shells on hand in most sizes. The prices, however, will partly determine the amount of shooting that will be done on the opening day, although the price of shot shells is the same as at the close of the 1948 season.

Most of the regular sloughs and lakes in the district contain sufficient water to hold ducks and during the past ten days the northern birds have been noticed on those local sloughs. Prospects are therefore fairly good for duck shooting on the opening day and birds should be fairly plentiful until the swathed grain has all been combined.

Students' Union Elects Officers

On Friday afternoon, September 16, the Students' Union of the St. Mary's High School met in the grade ten room to elect officers for the 1949-50 term. Dorn Gillie acted as chairman of the meeting. Before nominations were opened Mr. H. Stiles told the class about the play grounds and the sports which would be available this term. He said that the track meet would be held this year at Carstairs on October 7.

Officers elected were: president, Dorn Gillie; vice president, Bruce Freeman; secretary-treasurer, Margaret Robertson; convener of social committee, Alice Glenier; Social Committee: Janet Block, Barney Barrett and Frances Burke. Room representatives are: Grade 10, Brindley Roberts; Grade 10, Alan Freeman; Grade 11, Ken Morris.

Additional Grant Made For Road Work in Municipality

At the regular meeting of the Council of the Municipal District of Mountain View No. 19, held in Didsbury on Thursday, September 15, the municipal inspector's report was read and showed that all records are being kept in a satisfactory manner. A suggestion was made to council to maintain a larger cash surplus.

A communication from the Department of Public Works advised that an additional grant of \$5073 had been made for road construction and will be used on the following roads: north and south of Reed Branch Store; place gravel near Reichen school; graveling south of 20-33-1-5 and south of 25 and 26-32-2-5; graveling east of sections 17, 8 and 5, and south of sections 12, 17, 18, 28-1-5, and south of sections 1, 2 and 3-28-2-1, near Crossfield; west of sections 1 and 12-33-5-5, near Sundre; west of sections 1 and 12, 13 and 24-32-4-5, near Hartmann; south of sections 3 and 1-31-1-5, south east of Didsbury.

A communication was read from

Dageforde-Hagen Wedding Held at Altario, Alberta

A wedding of interest to Didsbury and district was solemnized Wednesday afternoon, September 7, at the home of Mr. and Mrs. R. Hagen of Altario, Alberta, when their eldest daughter, Clara Ann Marie (Mickey), became the bride of Mr. Theodore Herman Dageforde, only son of Mr. and Mrs. H. Dageforde of Didsbury.

The groom's uncle, Rev. T. Folkman of Trochu, officiated before an outside altar of sweet peas and gladioli.

Honey beige gabardine fashioned the bride's wedding suit which was complemented with white accessories. She carried a white Bible arranged with red roses and yellow petalled streamers.

Miss Gwen Hagen, sister of the bride, wearing a burgundy suit and corsage of American Beauty roses, was the bridesmaid.

The groom was supported by Mr. George Lindsey of Consort, and Mrs. T. Folkman played the wedding music.

Following the ceremony lunch was served to forty-seven guests seated at a large lawn table, decorated with summer flowers and a three-tiered wedding cake.

Rev. Folkman proposed the bridal toast, to which the groom ably responded.

After a honeymoon in Banff the happy couple returned to reside in Didsbury.

Ace Esler Shows Chess Prowess to Visiting Relatives

Mr. and Mrs. A. Esler were surprised on September 3 by a visit from Mrs. Esler's oldest sister, Mrs. Chas. Hahn, her husband and two daughters, Mrs. Anna Keller and Mrs. Lulu Hildebrand and wee Cynthia, from La Porte, Indiana. While here they also visited Mrs. Hahn's brothers, August and Emil Krebs, and sister-in-law, Mrs. Annie Krebs.

A reunion had been planned for about 70 relatives at the Melvin hall but when snow and cold weather came it was called off. However, about 50 people came and went from the Esler home to say hello and good bye to Aunt Bertha and family. To Ace's delight Mrs. Hildebrand was interested in chess, and after a few games Lulu said she'd get even with Ace, with the help of her husband, when he visits at La Porte.

The party left for home September 12 via Anaconda, Mont., and will call on another sister, Mrs. Havens.

Mrs. Hahn has here three years ago to see her brother, Otto Krebs, but Mr. Hahn hadn't been to Alberta for 31 years and really needed a big change in town and country.

Charlie Spreeman has installed a large lathe in his blacksmith shop to take care of increased business in this line.

The District Engineer asking for a list of bridges required in the municipality for 1950.

A petition was received from the Didsbury Women's Institute asking that brush be cut on corners of road intersections west of Didsbury so that greater visibility could be provided and thus avoid accidents.

Approval was given for the granting of a license to Mike Tschetter for the operation of a service station and garage east of Crossfield.

A communication from the Alberta Association of Municipal Districts advised that the annual convention would be held in Calgary on November 16, 17 and 18, and Reeve Charles Fox and Councilors J.W. Bagnall and F.J. Nield, and secretary-treasurer Mr. A. Brusso were appointed official delegates.

D.C. Buckler, poundkeeper at Dog Pound, reported on the sale of one grey gelding.

A petition was received from a number of ratepayers in the Madden area asking for re-location of a proposed district highway from Madden north, but no definite action was taken by Council.

Approval was given to the Department of Public Works for the granting of a road allowance lease between sections 33 and 34-28-3-5. The tentative report of the Agricultural Service Board was also approved.

Four appeals were made against personal property assessments, but all appeals were disallowed.

The necessary approval was given to the Roschud Health Unit for the employment of a full-time sanitary inspector.

Owing to continued drought and hail damage an amended application was made to the Poudre Farm Assistance Board to include Twp. 33, Rge. 4; Twp. 33, Rge. 2; Twp. 32, Rge. 1; and Twp. 32, Rge. 2.

Surprise Party Held For Jean Rennie And Joyce Buhr

A group of the Evangelical Young People C.G.I.T. and school friends surprised Joyce Buhr and Jean Rennie last Tuesday evening at a farewell party held in their honor. The group gathered at the church and proceeded to the home of Mr. and Mrs. Ed Buhr where two fellow conspirators were keeping the two girls occupied. The group then returned to the church building for a social evening under the able leadership of Walter Scheldt, who acted as master of ceremonies. Phyllis Fox led the community singing, followed by an evening of fun and games.

The highlight of the evening was the making and modeling a number of dresses suitable for the girls' new Varsity wardrobes. With only newspaper and tooth picks to work with the resulting costumes were different to put it mildly.

Lunch was served under the direction of Mrs. Grams, and Rev. Grams gave the invocation. Walter Scheldt, on behalf of their many friends, presented Jean and Joyce with beautiful white Bibles, and wished them success in their new ventures. Jean at University at Edmonton, and Joyce at Normal school in Calgary.

It looks as though there is a possibility now that most of the water and sewer pipe for Didsbury's waterworks system will be laid before cold weather puts a stop to it. It was called off. However, about 50 people came and went from the Esler home to say hello and good bye to Aunt Bertha and family. To Ace's delight Mrs. Hildebrand was interested in chess, and after a few games Lulu said she'd get even with Ace, with the help of her husband, when he visits at La Porte.

WEDDINGS

FIGENSHAW—WAIT

A quiet wedding was solemnized at St. Augustine's Church, Ogden, on Friday, September 16, with Rev. W.E. Kerr officiating, when Helen Shirley, only daughter of Mr. and Mrs. H.W. Wait, became the bride of Mr. Ellisworth V. Figenshaw, second son of the late Mr. Figenshaw and Mrs. N. Figenshaw, all of Calgary. Only immediate relatives were present.

The bride was attired in a beige beaded suit with white accessories and wore a corsage of red roses.

Miss Christine Borth, wearing a rose dressmaker suit with grey accessories and corsage of pink roses, attended the bride.

Mr. Clark Figenshaw, brother of the groom, acted as best man.

Later a buffet luncheon was held at the home of the bride's parents where Mr. John McKay presented the toast to the bride.

After a brief honeymoon at Banff Mr. and Mrs. Figenshaw will take up residence in Calgary.

Letter To The Editor

The Editor, Didsbury Pioneer.

Dear Sir:

Why is a blacksmith and welding business the only type of business in Didsbury that is refused a telephone? Is this type of business not desirable by the telephone company?

Didsbury is the only town of its size that can boast two blacksmith and welding shops. These are presumably an asset to the town as they draw trade from a distance of over forty miles, yet neither of these shops has either a business or residence phone.

If shortage of phones is the reason why does the telephone company not limit the number of telephone installations in a single residence to one for the present?

Telephones are being installed from time to time and there is no valid reason why Didsbury should be the only exchange with the unavailability of discriminating against the blacksmith and welding business—or is it!

CHAS. SPREEMAN

NORWAY CONSIDERS TEN-YEAR
PLAN FOR LAND CULTIVATION

Plans are being considered for the cultivation of 40,000 acres of new land on the northwest coast of Norway in the Romsdal area. It is now recognized that small farming is no longer practicable nor economically beneficial in Norway. Under the "Hustad" plan, larger farms will be created, a number being established over a short period. It is estimated that 20,000 acres of new land would be laid under the plough in ten years instead of two hundred years by present methods of cultivation. This project would increase the ability of Norway to assist in meeting the demand for agricultural products, and is being followed with interest by the Economic Co-operation Administration mission in that country.

RELICS OF A VANISHED RACE

British scientists may have solved one of the outstanding riddles of anthropology by establishing the true age of the Piltdown skull. This prehistoric human relic was found in Britain 40 years ago and gave rise to much speculation in all parts of the world. It has a large brain pan of human character and had been estimated to be about half a million years old. This theory was refuted recently by the head of the Natural History Department of the British Museum, Dr. Oakley. He was speaking to delegates at the conference of the British Association for the Advancement of Science. Two thousand scientists gathered in Newcastle for these meetings, among them being many experts from overseas.

FOR SALE—About 40 Weaner Pigs. Apply to F.W. Luft, phone 1909, Didsbury. 38-3p

CARD OF THANKS

I wish to express my thanks to my friends for the lovely flowers, cards and gifts tendered to me while I was in the hospital. Also to Dr. Ruth, nurses and hospital staff for their kindness to me.

MRS. C. DICKAU

SPECIAL SPEAKER AT
EVANGELICAL CHURCH

Mr. Henry E. Hotvedt will be speaking at the Evangelical church in Didsbury on Friday, September 23, at 8 p.m. Mr. Hotvedt and his wife have spent ten years as missionaries in Indonesia. During World War II Mr. Hotvedt was attached to the British forces in Indonesia as chaplain, translator, canteen organizer and guide. Mr. and Mrs. Hotvedt were interned on three different occasions, twice by the Japanese and once by the Indonesians, but were delivered in a miraculous way. Due to these many and varied experiences Mr. Hotvedt has a very interesting story to tell. Don't fail to hear him.

THREE DAY SERIES OF
MEETINGS AT U.M. CHURCH

Starting Monday, September 26, a three-day series of meetings will be held at the United Missionary church. A very special speaker will be present, Dr. Harold Greitzinger, of Salt Lake City, Utah.

His first address will be on the Atomic Bomb and in connection with this he will show sound pictures. On the next evening he will speak on "The Return of the Jew." The last address of the series will be on "The Baptism."

It is seldom that an opportunity is presented to hear one of the qualifications of Dr. Greitzinger speak on themes related to prophecy, so be sure to hear these addresses. Service hours are eight o'clock.

VALUE OF SEAWEED AS FOOD

Seaweed is being used more and more as both a food, and for animal fodder. Professor Newton told an audience of scientists at the British Association conference. The reaction which future work and research is developing this rich natural source of vitamins should take, was discussed. Professor Newton said that recent experiments have shown the common brown seaweeds to be particularly rich in vitamins A large field of work awaited biochemists in extracting these, and presenting them in palatable, easily digested form, for human consumption.

Owing to its great dependence on monsoon rains, India is more liable to crop failure than any other country.

Peapods were used once to stuff pillows.

WANTED—Baby sitting engagements. Apply to Irene Erb, c/o Henry Erb, Didsbury. 37-2p

A MESSAGE FROM THE AGRICULTURAL SERVICE BOARD SUPERVISOR

(W.K. Snyder, supervisor)

Attend To Seed Now
Good quality seed grain is likely to be less plentiful this year than for some time. Second growth, weeds, hail and frost may seriously affect the supply. The percentage of wild oats may be higher than usual and many farmers will find their threshed grain of lower quality than is desirable for seed. In most districts, however, there will be some high quality grain, and a word now to the owner may result in purchase with a minimum expense and worry. The best grain is usually the first to go and unless those who need seed arrange to fill their requirements early, the good grain may be shipped before they have a chance to buy.

Beware of Weeds When Buying
Freedom from weeds is just as desirable as high quality seed. The point is to arrange for seed right after threshing and before the good grain is shipped out of the country. I would like to urge all farmers who have good seed available for sale to contact your Field Supervisor by letter or personally, informing us of the variety, price and location. We will then be in a better position to help other farmers obtain their seed grain requirements.

ROYALITE TO DRILL FOR OIL ON QUEEN CHARLOTTE ISLANDS

Site of Canada's next exploratory oil drilling campaign will be the Queen Charlotte Islands off the coast of British Columbia.

Breaking ground that has never before been tested, the Royalite Oil Company, which played an important role in the development of the Turner Valley and other fields in Alberta, is expected to have its rigs on the islands during the month of September.

Geologists claim there is a good prospect of striking a large oil pool on Graham Island, the most northerly and largest of the Queen Charlotte group, where Royalite has been assigned 230,000 acres by the British Columbia Government for exploration purposes.

To carry on the preliminary work a new company called Bitlita Petroleum has been incorporated in British Columbia.

Oil seepages have been observed on the Queen Charlottes, and tentative drilling arrangements have been made before, but this is the first time that a large and experienced organization has undertaken a thorough job in that area.

The only other section of British Columbia where there has been oil drilling—none of it successful—have been the Peace River, Flathead Valley, and delta of the Fraser River.

Ice hockey is at least 200 years old.

Most fishermen catch fish by the tale!

The Chrysanthemum is the hardest flower known.

It was once believed that Christians might not enter a church to pray unless they washed their hands.

FORTIETH YEAR MARKED BY BULAH HOME, EDMONTON

Special program marked the 40th anniversary of Bulah Home Sunday, September 11, at 3 p.m.

Years of progress were reported by Mrs. Mary A. Finlay, Superintendent, one of the founders of the Home, along with Miss M.E. Cathlamet and Mrs. J. Price. During the years that Bulah Home has been in operation, approximately 3000 babies have been born and cared for there. She recounted the history of the Home, going back to erection of the first unit of the present building, in 1911. She acknowledged the 25 years' service of Dr. G.E. Swallow, baby specialist, and the service of such others as Dr. M. Weinlos, Mr. Mildred Newel and Dr. M. Dology.

Special requirements for the baby cottage were mentioned in the report, such as window repair work, better insulation, new beds and equipment and an electric stove for the diet kitchen.

Mr. E.E. Roper was chairman of the meeting and special speakers included Dr. J.T. Stephens, Dr. C.E. Thompson, Dr. W.T. Young, Alderman C.E. Gariepy and Mrs. J. Price.

T. Edgar Roberts, the Lary trio and Mrs. G. Wilson provided music for the afternoon. Mrs. Finlay named the present permanent staff which included Miss M. Lee, Miss W. Noell, Miss A. Klassen, Miss J. Adam, Miss Edith Hunsberger, Miss M. Phair, Mr. R. Barzloff, Miss A. Falk, Mrs. Lewandowski, Miss H. Kaechele and Miss Lois Sherrick.

The following were elected as Board Members for the coming year: Mr. H.W. Sterne, Mrs. S.S. Hodgins, Mr. A.R. Laffer, Mrs. E.T. Love, Mr. J.E. Nix, Mr. E.E. Owen, Mrs. E. Phillips, Mrs. H. Renton, Mr. R. Rimmington, Mr. E.E. Roper, Mr. E.W. Stibbards, Dr. G.E. Stibbards, Dr. G.E. Swallow, Mrs. A.P. Wheeler, Dr. W.T. Young and Mrs. Mary A. Finlay.

THERE WAS A MAN

We heard the story the other day. It went like this—

"There was a man who lived by the side of the road and he sold hot dogs. He was hard of hearing so he had no radio. He had trouble with his eyes so he read no newspapers. But he sold good hot dogs. He put signs up on the highways, telling how good they were. He stood on the side of the road and cried, 'Buy a hot dog, Mister.' And people bought. He increased his meat and bun orders. He bought a bigger stove to take care of his trade. He finally got his son home from college to help him."

But then something happened. His son said, "Father, haven't you been listening to the radio? Haven't you been reading the newspapers? There's a big depression on. The European situation is terrible. The domestic situation is worse. Everything is going to rot. Whereupon his father thought, 'Well my son's been to college, he reads the papers and listens to the radio, he ought to know.' So the father cut down his meat and bun orders, took down his advertising signs, and no longer bothered to stand out on the highway to sell his hot dogs. And his hot dog sales fell away almost over night. 'You're right, son,' the father said to the boy, 'we certainly are in the middle of a great depression.'"

THE CANADIAN ARMY — "INSURANCE FOR PEACE"

In towns and cities across the country, Canada's Citizen-Soldier is enthusiastically engaged in an all-important job. The spare evenings he devotes to training help to assure the well-being of Canada, because the Reserve Force forms an important part of this country's defence forces.

The new Reserve Force offers many personal advantages: trade and technical training; Active Service rates of pay for time spent in training and summer camp; a full programme of sports and social events for men who get a kick out of working together.

Visit the Regiment or armoury of your choice for complete details. You can help yourself and Canada by joining the Reserve Force.

"Here we are again" 8th CONSECUTIVE PATRONAGE DIVIDEND TO "PIONEER" CUSTOMERS

We are paying a patronage dividend on all grains delivered to our elevators from August 1st, 1948, to July 31st, 1949. Patronage Dividend cheques will be available at our elevators by September 22nd.

This Patronage Dividend Payment will be in cash.

We thank all those who entrusted their business to us during the past year.

We have paid patronage dividends annually since 1941

**What about Winter Driving
with the HILLMAN?**READ WHAT A HAPPY COMMUTER HAS TO
SAY ABOUT HIS HILLMAN'S PERFORMANCE

"I live on a farm 30 miles outside Toronto," writes Mr. Hockridge, "and it is essential for me to have completely reliable, year-round transportation to and from the city. I made the trip in my Hillman almost every day last winter—and didn't miss a single engagement! Half-a-mile of mixed country lane (which drives at the slightest whisper of wind) separates my farm from the nearest gravelled road. Yet this grand car took everything in its stride—snow, mud and freezing rain. Thanks to its great heated engine and serviceable gear, my Hillman carried me in perfect safety and comfort over drifts and ruts that would be a challenge to any car. For many reasons, but especially for its downright dependability—I'm glad I bought a Hillman!"

Thousands of thousands of motorists in Canada and the U.S.A. are enjoying the comfort, economy and world-famous driving qualities of the Hillman. For their convenience, a permanent network of dealers provides parts and service from coast to coast in both countries. Arrange now for a Hillman demonstration ride—you'll be glad you did!

LAING-LAMONT

Garden flowers decorated the altar of the Evangelical Church at Didsbury for the September 9 afternoon wedding ceremony, when Miss Isobel E. Jean Lamont, only daughter of Mr. and Mrs. D.A. Lamont of Didsbury, became the bride of Mr. Glen Laing, second son of Mr. and Mrs. T.H. Laing of Carstairs.

Rev. A.J. Grams performed the ceremony. Given in marriage by her father, the bride wore a floor-length dress of ivory satin, styled with high neckline and long lily pointed sleeves. The off-the-shoulder scallop of net was held in place by loops of pearls. The hoop skirt was caught up in front with white ribbon bows featuring lace insets. Her veil cascaded from a coronet of orange blossoms and she carried red roses and a sprig of white heather, the latter having been sent from Scotland by her aunt.

Attending the bride were Miss Inez Anderson, as maid of honor, and Miss Alberta Laing, sister of the groom, as bridesmaid, wearing pink and blue full-length gowns respectively, and carrying colonial bouquets of carnations and roses.

Mr. Edgar Laing was the groomsmen, and ushering the guests were David Lamont and Robert Laing. The nuptial music was played by Miss Jean Cogswell, and the soloist, Miss Jean Rennie, sang "Because" during the signing of the register.

At the reception the mothers of the bride and groom assisted in receiving the guests. For the occasion Mrs. Lamont chose a two-piece suit of navy with a white leaf, complemented by pale blue accessories. The groom's mother wore a figured grey and purple silk jersey dress with grey accessories. Each mother wore a yellow corsage.

The bride's table was centred with a three-tiered wedding cake, and white-wedding bells and pink streamers hung over the bridal couple. The guest tables were decorated in pink and white.

A telegram of congratulation from Ontario for the newlyweds was read.

Mr. and Mrs. Glen Laing left later for Waterton Lake Parks and points in the United States. For travelling the bride donned a grey dress with grey accessories and a cherry top coat. Her corsage was of pink and green carnations.

Some of the out-of-town guests were Mrs. Wm. Field of Winnipeg, aunt of the bride, Mrs. Wm. Saunders of Stonewall, Manitoba, aunt of the groom.

Mr. and Mrs. Hector Lamont, Calgary, and Mr. and Mrs. W. Robert Stewart and Conne of Crossfield; Mrs. Wigglesworth of Calgary; Mrs. O.P. Geehan of Claresholm; Mrs. Julson, and Miss E. Julson of James River Bridge.

Eight to ten weeks is the average life of a housefly.

Day school: Sunday school and service each Sunday, 10:45 a.m.

A friendly invitation to everyone to come and worship with us.

**OIL SCHOLARSHIP WON
BY A.L. WOOD**

The Calgary Herald scholarship in petroleum and chemical engineering has been awarded to Arthur Lawrence Wood, age 18, of Lethbridge. It was announced Monday by President Robert Newton of the University of Alberta. Mr. Wood's application for enrollment in the university has been accepted, and he will begin his studies September 26.

The \$1,000 award was made on recommendation of the university scholarship committee and subsequently approved by President Newton. Ten applications were made for the scholarship, which is being offered this year for the first time.

Several applicants had exceptionally fine matriculation records reported Dean R. M. Hardy of the faculty of applied science. Four of the applicants received honors standing in grade XII examinations.

Mr. Wood was actually winner of two scholarships, having qualified for the University of Alberta bursary award of \$600 in addition to the Herald's scholarship. But, since a student may not accept two major scholarships, he chose the latter. He also won the \$50 honors scholarship offered by the university for a student making an average of over 85 per cent. His average was 86.86 per cent.

The 18-year old potential chemical engineer is a native Canadian, though his public and high school education with the exception of the first two grades, was obtained in Lethbridge. His scholastic career has been uniformly brilliant. In grade IX he won the Governor General's medal and several local scholarships for the best average mark in Lethbridge. He has been particularly interested in chemistry, during his high school career, and will pursue that course in university.

He is the son of Mr. and Mrs. Chester F. Wood of 1096 12th St. South. Mr. Wood is a fireman with the Canadian Pacific Railway.

The scholarship which is being offered for the first time this year, was instituted coincidentally with the opening of a degree course in petroleum engineering at a provincial university. It is valued at \$1,000, or should the winner be a former Herald carrier, \$1,100.

It is paid in yearly instalments of \$300 for the first year (or \$400 for a former Herald carrier), the same amount in the second year, and \$200 in each of the third and fourth years.

To qualify for these yearly instalments, the winner must have an average standing for the first three years of not less than 75 per cent, slightly below first class general standing.

It applies equally to students in chemical engineering and petroleum engineering because the courses are much alike, and both have a direct bearing on Alberta's growing oil industry.

Until recent years, the provincial university, and nearly all other Canadian universities, concentrated on other engineering courses. The growing importance of the petroleum industry created a demand for men skilled in that line of engineering.

Facilities for this specific study were however, limited, and obtainable only in the United States. Now however, with the institution of a petroleum engineering course, in which chemical engineering plays so large a part, young Albertans such as Mr. Wood will be trained in the province to take part in a provincial industry.

By the time he is approaching graduation, Mr. Wood will be accompanied at university by other Herald scholarship winners since it is intended to make the awards annually.

Old Superstition: A ring around the moon indicates rain or snow.

They refer to nature as a woman because nobody can find out how old she is.

EVANGELICAL CHURCH

Rev. A. J. Grams, Pastor

Sunday Services: 10:30 a.m., Worship service, 11:30 a.m., Sunday school.

7:30 p.m., evening service every Sunday with the Youth Fellowship in charge at every other Sunday evening service.

Wednesday evening, 8:00 p.m. — Bible study and prayer meeting.

-: DISTRICT NEWS :-

FALLEN TIMBER

Mr. Bob Barkley is sawing at the J.H. Cooper place again.

The regular meeting of the Busy Bees was held at the home of Mrs. J. Howton with eight members and one visitor present. It was decided to hold an evening of Fun and Frolic at the school on Friday, September 23rd. It was also decided to have a social and pot luck supper on the evening of October 21. At this time the draw for the raffle will be held. At the close of the business meeting a lovely lunch was served by Mrs. Ray Teynor and Mrs. Bill Moncey. The next meeting will be held at the home of Mrs. Teynor Sr.

Mr. Elmer Hayes was called out to the coast to see his sister who was very ill. We are glad to report that she is improving.

Mrs. Frances Webb has returned after a lengthy visit at the coast. Mr. Don Stair came up from Brooks with a bountiful supply of cucumbers and two kinds of plums. Mr. and Mrs. R. McMullen have returned from a trip to southern Alberta.

Mr. James Cooper was visiting at the Bob Barkley home.

The regular church service was held on September 18th and three babies were baptized: Miss Judith Lorraine Boberta, infant daughter of Mr. and Mrs. Bob Moore of Bergen; Miss Leda Elaine, daughter of Mr. and Mrs. George Admussen of Bergen; and Miss Virginia Jean, wife daughter of Mr. and Mrs. J.A. Howton.

The next church service will be held on September 25th and a hearty welcome is extended to all. Mr. and Mrs. Robert Moore and Mr. and Mrs. J.A. Howton recently made a short trip to Waterton Lakes and points in Montana.

MOUNTAIN VIEW

The September meeting of Mountain View W.I. was held Thursday, September 15, at the home of Mrs. Tom Pratt with seven members and several visitors present. Roll call was answered with "handy gadgets in the home."

Application was made for the correspondence course on Interior Decoration for study this winter.

In order to help the Mountain View hall a donation of \$75 was made towards wiring the hall for electric lights.

Mrs. John Bruce gave a splendid paper on "Deformed Children Remodelled."

It was decided to have a bazaar late this fall and each member was given \$1.00 to provide material to be made into bazaar articles.

The draw was won by Mrs. T. Pratt, the hostess, who served a lovely lunch to end the meeting.

Mr. and Mrs. George Campbell, Mr. and Mrs. John Bruce and Mrs. Marius Schellens of New Westminster, spent Friday evening with the Otto Bitters.

Miss Eileen Goldfeldt and Mr. Harvey Starr of Calgary spent the week end at the Art Geber home. Virginia Bruce went into the hospital last Friday with a throat infection.

Mr. and Mrs. Joe Hunter were dinner guests on Sunday of Mr. and Mrs. L. Hunter.

Mr. and Mrs. J. Worrall visited Sunday evening with Mr. and Mrs. R.A. Atkinson.

Mr. and Mrs. John Hunter and Mr. and Mrs. Roy Miller of Calgary visited with Mr. and Mrs. Joe Hunter Sunday evening. Mr. and Mrs. L. Hunter were there for awhile, too.

The sympathy of the community is extended to Mr. and Mrs. Hugh Roberts in the death recently of their daughter, Enid.

Mr. and Mrs. Grenville McCall and family and the latter's mother, Mrs. Boettger of Olds, visited with Harry Boettger of Cremona on Sunday. Mrs. Boettger returned to her home in Olds on Monday after an extended visit with her daughter and son-in-law.

Mr. and Mrs. Scotty St. Clair and family of Ponoka visited Sunday with Mr. and Mrs. W. Bruce.

Miss Agnes Tighe arrived home Monday after spending the summer at Banff.

JUST ANOTHER ONE THAT SLIPPED AWAY

Campbellton, Scotland—The fishing boat Nil Desperandum dropped its net in the Firth of Clyde and caught His Majesty's submarine Alcidie.

The submarine was exercising submerged at 90 feet. It surfaced, and the crew disentangled the net from the conning tower and periscope.

The skipper of the Nil Desperandum donned the fish line in the net to the submarine crew.

BURNSIDE NEWS

Mrs. Harry Richardson had as her guest last week Mrs. A. Topley of Ponoka.

Mrs. A. Schneidmiller and daughter of Calgary are guests at the home of her parents, Mr. and Mrs. P. McNeill.

Lou Persinger, who has been working in the district this summer with his brother-in-law, Ivo Weber, leaves shortly to take a position with the Alberta Pacific Grain Company south of Calgary.

Mrs. Harry Campbell, an old timer of the Sunnyslope district, passed away last week and burial took place in the Three Hills cemetery. Mrs. Campbell had been bed-ridden for several years.

Louis McCulloch spent Friday night with his brother, James, on his way back to his home in Edmonton by plane.

Mr. and Mrs. Lynn Hunsperger and family and Mr. and Mrs. G. Jackson were Sunday guests at the home of Mrs. D.B. Wood.

WESTCOTT ITEMS

Little Sharon Folkman of Trochu is visiting with her uncle and aunt, Mr. and Mrs. Otto Folkman.

Mrs. A. Baulest and children of Champion spent last week with her parents, Mr. and Mrs. J.R. Luft.

Miss Deloyce Goetjen is spending this week at home with her parents before leaving to attend the Faculty of Education in Calgary next week.

We are glad to hear that Mr. R. Lloyd was released from the hospital on Monday last after undergoing an appendix operation in the Didsbury hospital.

Combining of grain is nearly finished in this district and the threshing job is completed very soon, providing the weather continues favorable.

Miss Jean Dageforde left Sunday morning to attend school in Edmonton this term.

Best wishes for a speedy recovery to Mrs. T. Dageforde who was hospitalized last week end.

WEST NOTES

Mr. and Mrs. A.L. Hogg returned home last week after spending the past two and a half months at the west coast.

We are sorry to hear of the serious illness of Mrs. J. Kynel and wish her a speedy recovery.

Threshing is nearing completion with much of the grain showing severe damage from the frost of August 13, but most gardens are good.

Mr. and Mrs. E.W. Lowrie and Gladys, Mrs. M. Campbell Jr. and Sharon spent Sunday with Mr. and Mrs. A. L. Hogg.

Mr. and Mrs. V. Schneidmiller spent Sunday with Mr. and Mrs. Albert Schneidmiller.

MELVIN NOTES

With regret we learn of the passing of Mr. Summers Sr. in Calgary on Tuesday morning and sincere sympathy is extended to the bereaved family. Funeral services will be held in Calgary on Friday.

Threshing operations in the district have been underway for the past week and it is hoped the good weather will continue another couple of weeks when things should be pretty well finished.

Mr. and Mrs. Hahn and family returned to their home in the States last week after visiting relatives around Didsbury. Mrs. Hahn is a sister of August and Emil Krebs.

Mr. and Mrs. Dupont and family attended the Rosary Crusade in Calgary last week.

THIRTY GOATS TO CROSS OCEAN WITH OWN MILKING MACHINE

With a two-unit goat milker and a heard of 30 British White and Nubian goats, Mrs. Stansby of Alderbury, near Banbury, England, is on her way to Victoria, B.C.

Since her husband's death in 1916 Mrs. Stansby has been breeding high-class goats. Now she has left her 300-year-old home, taking with her her two daughters, her house-keeper, the goats, four dogs and her furniture. The trip to Canada will cost over \$6,000—which figure, incidentally, is also the valuation of the herd of 30 goats. Her daughter, Anne, will accompany the goats in their compartment, even sleeping with them throughout the 6,000 mile Atlantic and Prairie trek to Victoria.

Thirty lovely blue-trimmed woollen blanket coats have been provided to keep the herd cosy. The party will have the ship all to themselves.

Mr. and Mrs. Cliff Ingram of Calgary visited last Wednesday and Thursday with the latter's parents, Mr. and Mrs. Earl Brinton.

Mr. and Mrs. C. Oilphant and family of Rosedale spent Sunday in Didsbury with Mr. and Mrs. E. J. Rouleau.

Mrs. H. Lynch Staunton has her niece, Frances Watkins of Turner Valley, visiting with her this week.

Cloudy weather last week with a light trace of moisture did not seriously hold up harvesting operations in the district and bright days have again returned. If this weather holds most of the grain in the district will be threshed within the next week or ten days, depending on whether farmers are held up for machines.

Mrs. Kimmel, Home Ec teacher at the Didsbury school, spent the week end at her home in Crossfield.

JAMES URQUHART, staff announcer with the BBC's Overseas Service is heard frequently in Canada reading the BBC news, which is broadcast daily on the CBC Trans-Canada Network over CBX at 9:00 a.m.

ESKIMOS RESIDED ON ARCTIC ISLAND MORE THAN 800 YEARS AGO

Archaeological investigations this summer on Cornwallis Island, N. W.T., revealed that Eskimos of the "Thule" stock had resided on the island between five and eight hundred years ago. It was announced today by the Hon. James A. MacKinnon, Acting Minister of Mines and Resources.

An examination of the more than 1,100 specimens obtained by the National Museum of Canada field party indicates that the Eskimos were descendants of the old "Thule" people who migrated from their Alaskan home to the eastern Arctic 1,000 or more years ago, dropping colonies all along their route.

Members of the museum party who went to Cornwallis Island in May and returned recently, were Dr. Henry Collins Jr. of the Smithsonian Institution, Washington, D. C., and Jean Michels, of the National Museum staff.

The ruins were discovered by Captain Penny, an Englishman, who visited the island in 1851, during an Arctic search for traces of the ill-fated Sir John Franklin Expedition. At that time there were no Eskimos on the island. This year's party was the first to carry out an investigation of the ruins.

Conditions on the island at the time the Eskimos came to reside there must have been quite different from those of today. A carving showing five Eskimos in a boat, with one of them in the act of throwing a harpoon at a Greenland whale and the many bones uncovered during the recent excavations indicate that this animal abounded in water surrounding the island. Greenland whales are not often seen in the Arctic waters today.

Although caribou have not lived in the vicinity of Cornwallis Island for many years, a piece of ivory bearing the carving of a caribou on one side and a kayak on the other was unearthed.

Cornwallis Island has no trees, and its shores are free of driftwood, yet pieces of wood were found in the ruins of several of the more than thirty Eskimo dwellings discovered. This suggests that tidal currents in the area have undergone a change since the days of Eskimo residence on the island.

One of the most welcome finds was a lamp made of flat limestone and pottery which was recovered intact. Other specimens included harpoon heads, arrow points, palls, sleigh runners, and children's toys made of bones. Bones of seal, walrus, polar bear, and fox were also found.

Officials of the National Museum have expressed satisfaction with the results of the investigations. They feel that new and valuable information concerning the "Thule" culture will be obtained from a careful study of the many specimens obtained.

Mrs. A. Topley and daughter, Dorothy Hall, of Ponoka spent the week end visiting in town and district.

The Ladies' Auxiliary to the Canadian Legion will hold its first meeting of the fall season in the Masonic hall on Thursday, September 29, at 8:30 p.m.

Douglas Wordle is visiting here with his parents, Mr. and Mrs. J. W. Wordle, after spending two years at the University of California, Berkeley, where he received his Ph.D. degree in chemistry.

Mrs. William Reid returned to her home in Winnipeg last Monday after spending a few days at the home of her sister, Mrs. D.A. Lamont. Mrs. Reid attended the Laing-Lamont wedding while in Didsbury.

Mr. and Mrs. Bill Payne and family have moved into their new home in the north end of town.

Bob Hall returned Friday from Eastern Canada where he spent the past couple of months taking a gunnery course for Reserve army units.
